# elho vibes fold coupe 30cm

AVAILABLE FROM  
**SEPT  
2024**

## GREENERY ON A PEDESTAL AT HOME

Outside, the green has already given way to falling leaves. It's high time to surround ourselves with more greenery indoors. And it certainly deserves a pedestal. Meet the elho vibes coupe large. With a diameter of 30 cm, this mood enhancer provides ample space for a striking piece of nature in your living room, bedroom, or as a centerpiece in the hallway. The pot itself is also green, although you can't see it. It's made from 100% recycled plastic and, as you would expect from elho, produced with love for nature.

Create extra **vibes** by combining the vibes coupe large with other pots from this collection.

- with the elho self-watering insert, your plant won't dry out

## IN COLOURS

## MORE SPACE FOR HAPPY TUNES

The jazz collection from last year brought so many happy tunes into homes that expanding this atmospheric collection was a natural choice. These trendy, 100% recycled pots now come in two larger sizes – 30 and 35cm. Perfectly fitting into the mix with the smaller jazz sizes, creating more space for happy tunes. Doesn't that sound like music to your ears?

A round jazz bowl is also a new addition to this musical family. It's perfect for small plants, like succulents and cacti, or springtime with flower bulbs. Ideal for greening and brightening up your table.

## THE MOST TASTY, SUSTAINABLE FLOWERPOT

This flowerpot might just be the most tasteful, sustainable, and innovative flowerpot of 2025: the elho winery pot. Made from plastic waste from French wineries, like the plastic ropes that support grapevines. The idea that the plastic waste also comes from the Champagne and Alsace regions adds a festive touch to your home.

## ABOUT ELHO THE WINERY COLLECTION

- made from 100% recycled plastic, including plastic ropes supporting grapevines from French vineyards
- 100% recyclable
- available in sizes: Ø 14, 16, 18 en 22cm
- authentic French origin from Alsace and Champagne
- collaboration with experts: Adivalor (collect plastic waste from farms) and Healix (transforming plastic waste into granulate)

## IN COLOURS

# elho x Lex Pott

AVAILABLE FROM  
**SEPT  
2024**

## POT EN POTT = MATCH MADE IN HEAVEN

It's all in the name. When a Dutch award-winning designer named Lex Pott collaborates with elho, it's bound to be a beautiful partnership. The elho x Lex Pott collection features sets of 3 or 4 stylish pots that fit into any interior.

Lex contributed to the colour combinations, resulting in an aesthetically modern pot collection. All flowerpots are made from 100% recycled plastic and are 100% recyclable, making this collection timeless in every aspect. Giving an elho x Lex Pott set as a gift means endless enjoyment of a piece of design in your home, plus a bit of love for nature.

### ABOUT ELHO X LEX POTT

- made from 100% recycled plastic
- 100% recyclable
- available in sets of 3 pots: Ø 11, 13 en 14cm, and a set of 4 pots: Ø 11, 13, 14 en 15cm
- colours determined by Dutch designer Lex Pott
- reuse of the iconic elho cactus pot: b.for diamond

### IN COLOURS

### LEX'S COLOUR STORY:

#### Pott set 1 – earthy freshness:

- **sky blue:** a modern, optimistic blue that brings freshness to your interior
- **pale peach:** a warm, deep peach that easily matches natural tones
- **burnt orange:** a timeless earthy hue that evokes the feeling of traditional terracotta pots

#### Pott set 2 – warm harmony:

- **coral red:** a vibrant, eye-catching colour that energises any space
- **misty pink:** a universally appealing soft pink that offers warmth and comfort
- **maple purple:** a classic, deep wine colour that exudes warmth

#### Pott set 3 – natural essence:

- **soft lilac:** a trendy and versatile lavender colour inspired by flowers
- **teal green:** a deep green that creates a sense of nature and growth
- **velvet cream:** an earthy beige that offers a soft, neutral look in any interior

# elho green basics composter

AVAILABLE FROM  
**JAN 2025**

## FROM YOUR OWN ORGANIC WASTE TO YOUR OWN COMPOST

**Goodbye green waste, hello self-produced nourishment for your garden. Don't underestimate the power of your own organic waste. You can create your own compost, which provides high-quality nourishment for your plants. Waste that comes from nature goes back to nature this way. And at the same time, you also improve the soil life.**

With the elho compost bin, you can easily achieve this. Handy features like a special bottom plate ensure that desirable organisms – such as worms – stay inside while unwanted guests – like mice – stay out. With this new product, elho hopes to inspire you to care for a better planet together.

## ABOUT ELHO GREEN BASICS COMPOSTER

- made from 100% recycled plastic
- 100% recyclable
- capacity of 200l
- convenient lid for easy opening and closing
- convenient front door for easy compost removal
- matching bottom plate available separately. This bottom plate provides more stability while still allowing necessary organisms to reach the organic waste through the holes in the bottom plate

# elho smart pebble

AVAILABLE FROM  
**JAN 2025**

## \*NEW\* – THE DIGITAL PLANT WHISPERER

Your very own plant whisperer, telling you exactly what your plant needs and sharing handy tips and tricks – sounds like something we all want, right? This smart device hides in your flower pot and helps you understand how your plant feels. It automatically indicates when your plant needs more water, nutrients, and light, and whether the temperature is suitable.

The accompanying app provides tips and tricks to keep your greenery thriving and includes an extensive plant library. The design is – of course – natural and blends well with the plant and your interior. A new, original plant tool that you should gift to yourself – or someone else.

## premium collection

The elho premium collection dares to make a bold statement with organic shapes, unique designs, and an exclusive look. This exclusive family places greenery – indoors or outdoors – on a pedestal. The premium collection consists of three types of flower pots that stand out aesthetically from other elho families. What they do have in common is that the premium flower pots are also made with love for nature, from 100% recycled plastic.

### ABOUT ELHO PREMIUM COLLECTION

- consists of: elho amber family, elho june family and elho eden family
- elho amber family is formed by: amber beads, amber coupe, amber roll and amber grill
- elho june family is formed by: june tulip, june split, june brick divider and june round high

### IN COLOURS

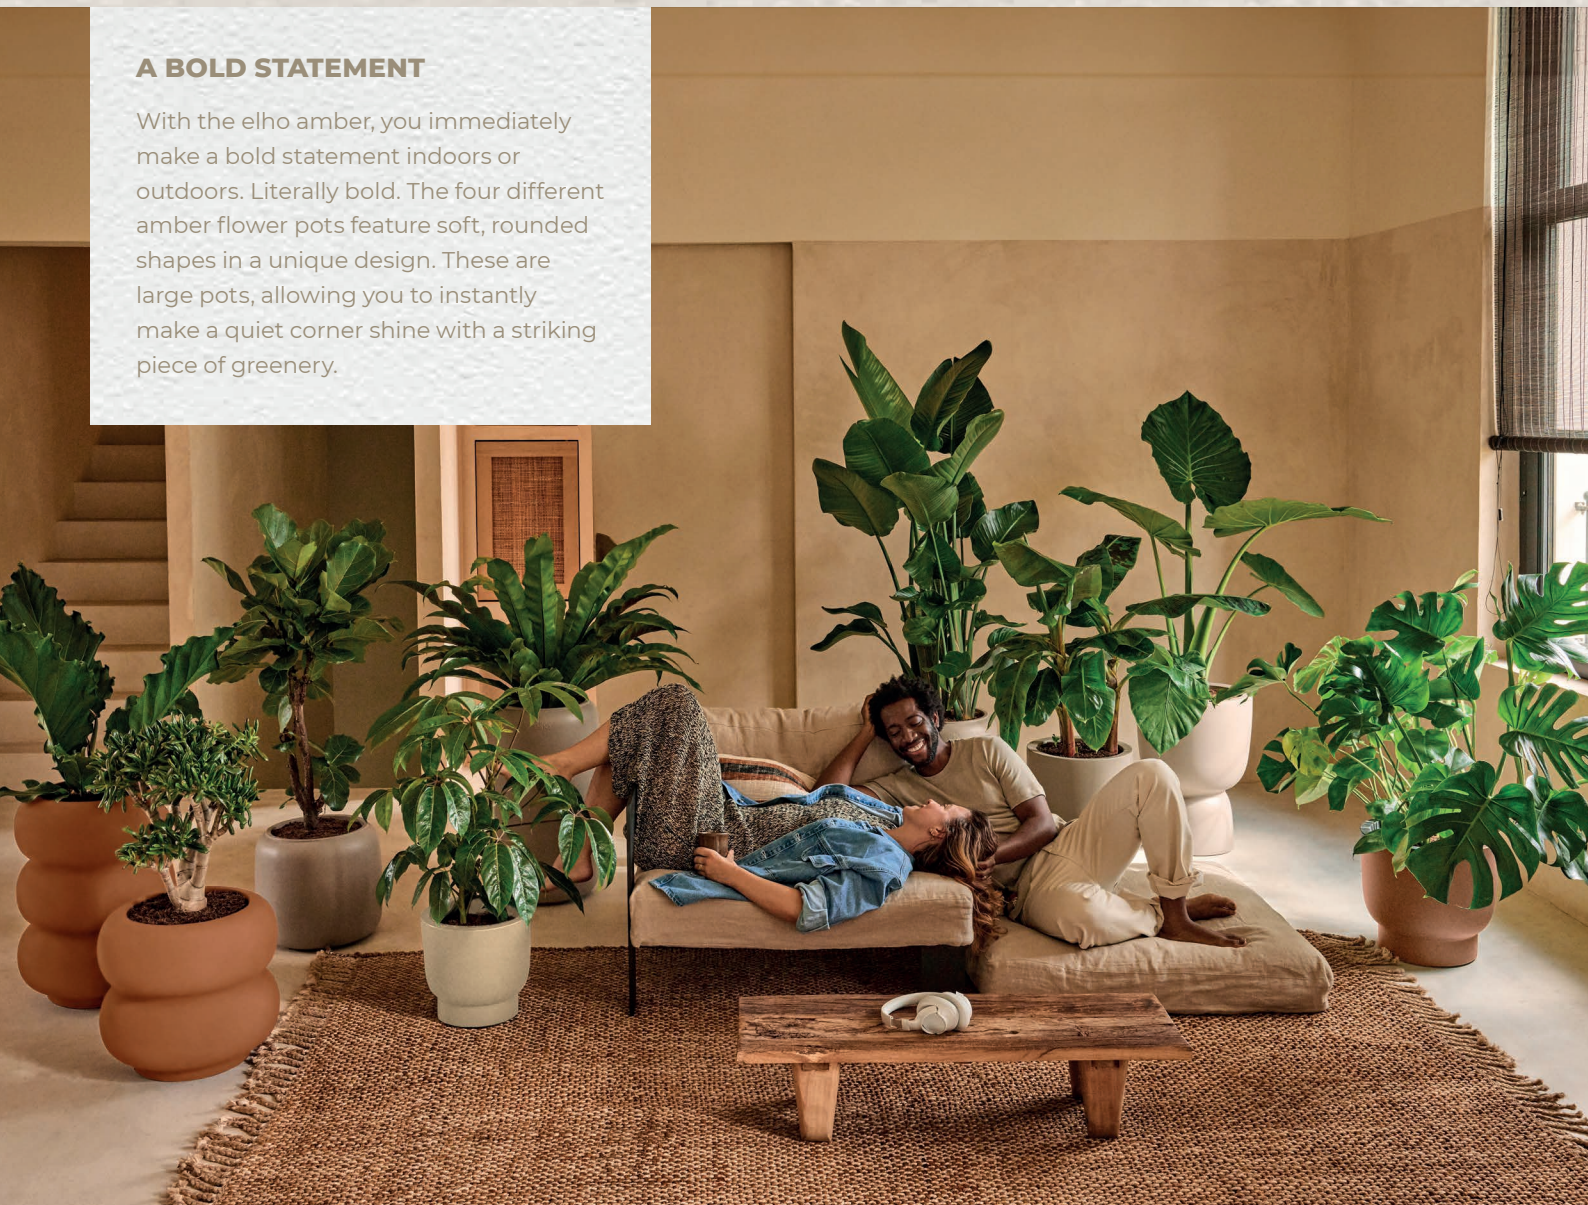

# premium collection amber

## A BOLD STATEMENT

With the elho amber, you immediately make a bold statement indoors or outdoors. Literally bold. The four different amber flower pots feature soft, rounded shapes in a unique design. These are large pots, allowing you to instantly make a quiet corner shine with a striking piece of greenery.

## ABOUT ELHO PREMIUM COLLECTION AMBER

- made from 100% recycled plastic
- 100% recyclable
- suitable for indoor and outdoor use: for outdoor use – make a hole in the raised section for excess water drainage

## IN COLOURS

# premium collection amber beads

## amber beads

This is the stylish, oval-shaped variant. This flower pot has a soft look but dares to make your greenery stand out. Suitable for both outdoor and indoor use.

**Tip:** Do you want your amber beads to stand firmly on the ground? Then fill the bottom of the pot with sand. This space can be sealed with a plug to keep the sand inside.

## ABOUT ELHO PREMIUM COLLECTION AMBER

- made from 100% recycled plastic
- 100% recyclable
- suitable for indoor and outdoor use: for outdoor use – make a hole in the raised section for excess water drainage
- available in sizes: small, medium and large Ø 40cm

## IN COLOURS

# premium collection amber coupe

## amber coupe

The amber coupe literally places your plant on a pedestal. Make your statement in a hallway, an empty corner of the living room, or green up a grey piece of garden or terrace. Suitable for both outdoor and indoor use.

**Tip:** Do you want your amber coupe to stand firmly on the ground? Then fill the bottom of the pot with sand. This space can be sealed with a plug to keep the sand inside.

## ABOUT ELHO PREMIUM COLLECTION AMBER

- made from 100% recycled plastic
- 100% recyclable
- suitable for indoor and outdoor use: for outdoor use – make a hole in the raised section for excess water drainage
